HOW TO CREATE A NEW USER? INTERNAL EMPLOYEES

3. In "Log-in (Employee log-in)" click "Login"

Welcome to the bodybuilder systems of Daimler Truck AG

The bodybuilder systems of Daimler Truck AG are used to capture and manage information from the bodybuilder industry. The aim is to improve the mutual exchange of information as well as the handling processes (procurement and execution of orders).

Daimler Truck AG and its associated companies assume no liability and provide no warranty or guarantee with regard to the content, correctness, completeness or quality of the information provided in bodybuilder systems.

The Bodybuilder Portals of Daimler Truck AG and a sister portal of the FUSO brand are the leading bodybuilder data systems.
